Cruising speed: 14 knots

Audio Visual Equipment and Deck

Facilities:

water maker 2 x 280 l/h
- Hydraulic gangway
- wi-fi
- washer/ dryer machine
- TV in saloon

The vast main deck saloon of the Alteya a Sunreef Power 70 blends seamlessly with the aft cockpit, creating a large, semi-open dining and sunning area. The skylight, panoramic glazing and wide sliding door let plenty of sunshine into the fully-customizable interior. The generous volumes within the yacht's hulls offer infinite options for a bespoke layout. The crew quarters and galley can be located in the aft and accessed exclusively from the cockpit for more privacy on board.

Alteya 70 Sunreef Power, boasts a large bow terrace with freestanding furniture and a lounge protected from sun and wind. The aft cockpit provides an alfresco dining space close to the water as well as a great spot to enjoy water sports with easy access to toys and PWC's.

The yacht's flybridge offers an unrivalled level of comfort with more than enough space for a spa pool, a bar, a dining area and oversized sunpads. Thanks to her innovative aft garage and hydraulic platform, Alteyr can easily store and launch the tender anytime.
