

Serenity

SERENITY

Built in 2016 by IAG yachts, the 133-foot (40.53m) SERENITY is the perfect place to host your next luxury holiday on the water.

Luxury charter yacht SERENITY boasts interior and exterior design by the legendary Evan K. Marshall. She is part of the Terrazza series by IAG and has three permanent balconies off the master stateroom and skylounge that allow guests to better engage with their beautiful surroundings — this is an impressive and unique feature not often found on other yachts of her caliber. Another distinct feature of SERENITY is her multi-deck elevator that services all decks from the below-deck staterooms to the sundeck. This is seldom offered on a yacht in her size range.

This brand-new luxury motor yacht is able to accommodate up to 12 guests in six lavish staterooms. All staterooms are outfitted with TV, iPads, individual climate controls and satellite receivers, Apple Entertainment Systems, iPod docking stations, Wi-Fi access and more. Located forward on the main deck, the 900-square-foot master suite has private “Terrazza” outdoor balconies to port and starboard. She offers a walk-around king-size bed, en-suite his-and-hers bathroom with European rain shower and a variety of other accompaniments. Flanked by oversized windows, this space is flooded with natural light.

The four below-deck staterooms include one king, two queens, and a twin, which converts to a king. They all offer en-suite bathrooms and a range of amenities. The sixth stateroom is located on the skylounge deck and offers a queen-size bed and en-suite bath.

Specifications

Length	133' (40.53m)
Beam	27' (8.40m)
